

SIMPLE PORTABLE LUMBER RACK

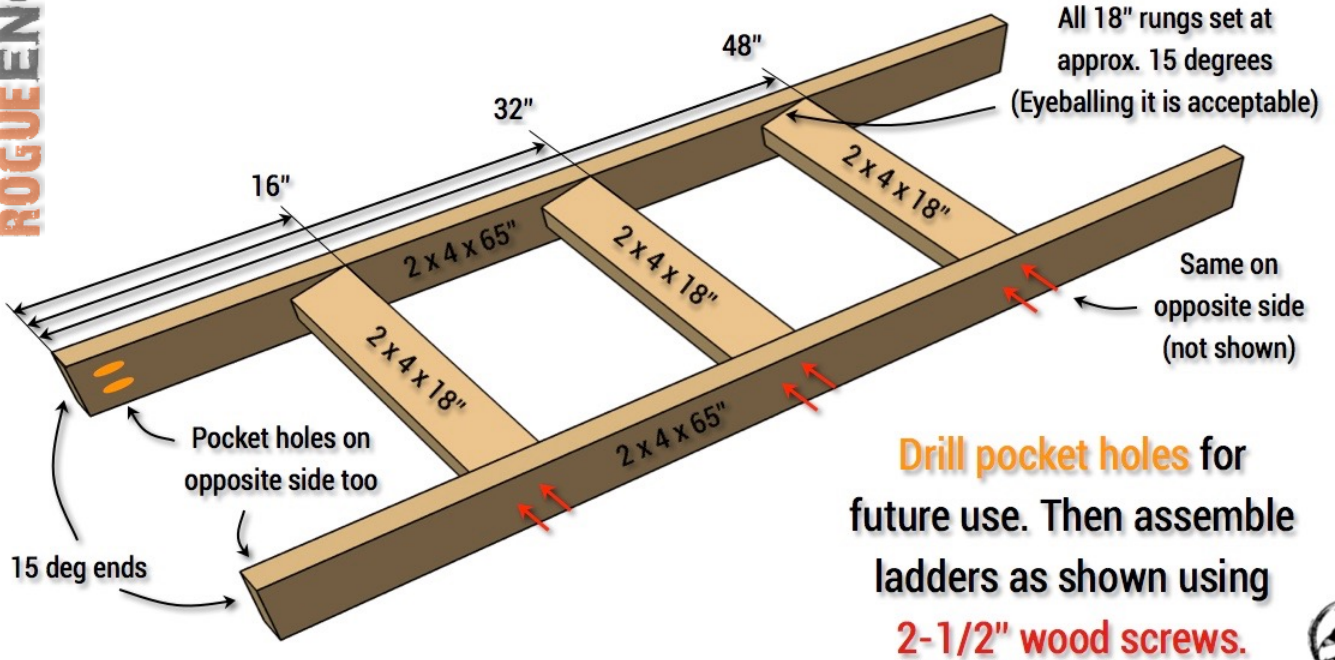

DIY PLANS BY:

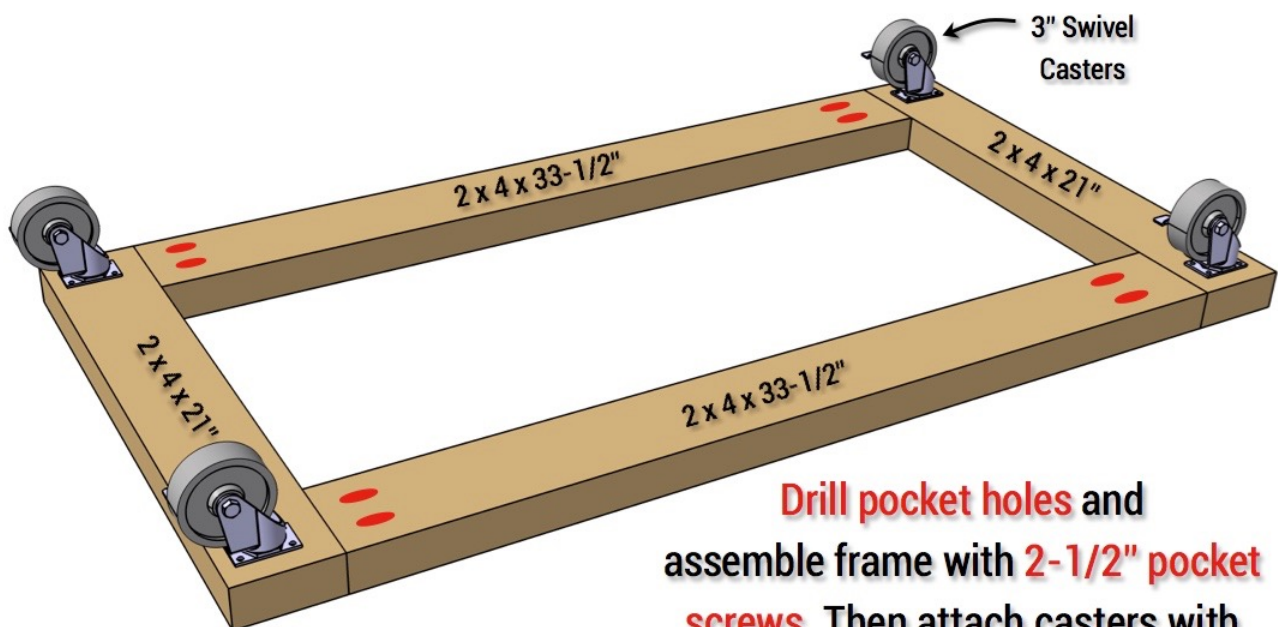

2 x 4 x 96" Premium Studs (Qty 7)

Step 1: Assemble Ladders (Qty 2)

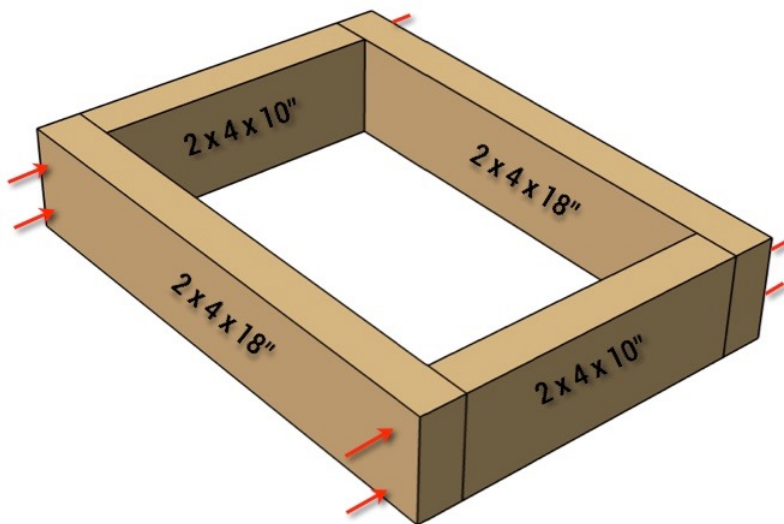

Step 2: Assemble Cart

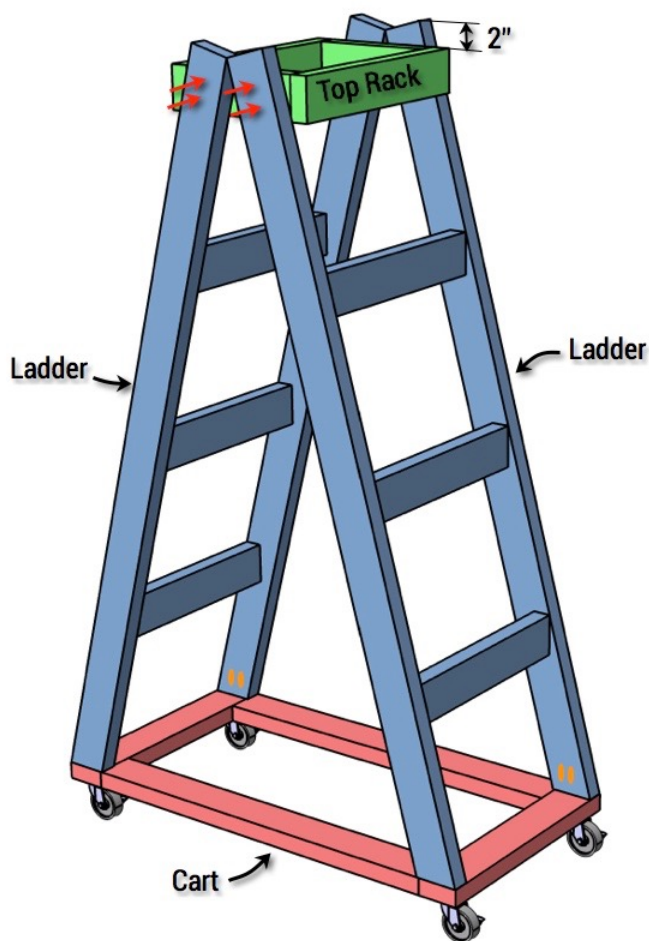

Drill pocket holes and assemble frame with 2-1/2" pocket screws. Then attach casters with 1-1/4" washer head screws.

Step 3: Assemble Top Rack

Assemble top shelf as shown using
2-1/2" wood screws.

Step 4: Final Assembly

Using **existing pocket holes** at the bottom of each ladder, attach the ladders to the cart with **2-1/2" pocket screws**.

Then, with the tops of the ladders kissing, check for level and install top rack as shown using **2-1/2" wood screws**.
